

# FRIENDS OF BUEA SCHOOL FOR THE DEAF, INC.

Greetings!

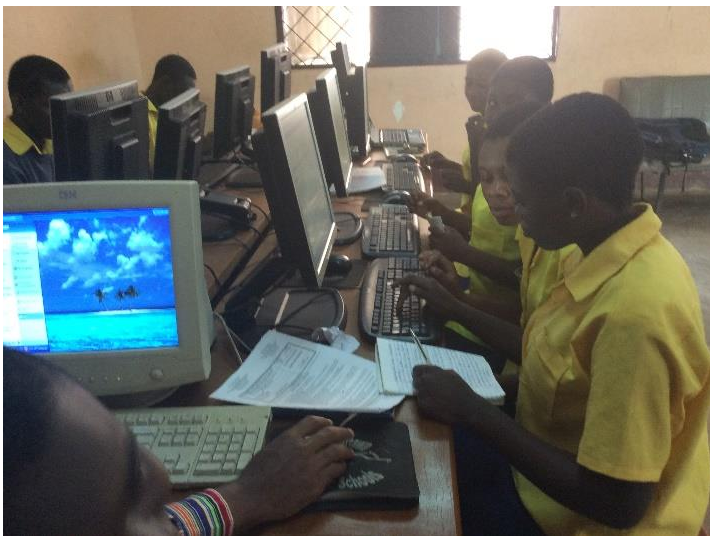

As the semester comes to a close, we wanted to share some news and pictures from BSD this semester.

BSD's dormitory has been completed! Aloysius Bibum (BSD Director) commented, *"The complex is beautiful, spacious and comfortable and has indoor plumbing!! It is a joy to the BSD family! **We thank you very much for your enormous support which ensured the completion of the project.** In recognition of this support, we dedicated the complex by naming it the "Diane and Theodore Johnson Residential Hall" (after our major donor). Students, Staff, Families celebrated with a Dormitory Ribbon Cutting Ceremony."*

JANUARY 2015

Students in class, learning...

...and after school, socializing and playing.

MARCH 2015

Members of the local Lion's Club visited BSD and donated some food and supplies.

Beltus Eyonga, art teacher and housefather for the boys' dorm, painted the amazing map on the side of a classroom building.

MAY 2015

Volunteer services, Bezev, a German Development NGO, visited BSD. They sent volunteers to BSD. BSD organized the following activities for the coordinator during her 3 days at BSD: Form 5 (similar to high school) students gave history class presentations on colonialism by the German, French and British, and took the visitors on a tour of German monuments in Buea.

BSD and FoBSD appreciate all your support! Have a wonderful summer!
